how is race defined and perceived in america today and how do these definitions and perceptions compare to attitudes 100 years ago or 200 years ago this four volume set is the definitive source for every topic related to race in the united states in the 21st century it is easy for some students and readers to believe that racism is a thing of the past in reality old wounds have yet to heal and new forms of racism are taking shape racism has played a role in american society since the founding of the nation in spite of the words all men are created equal within the declaration of independence this set is the largest and most complete of its kind covering every facet of race relations in the united states while providing information in a user friendly format that allows easy cross referencing of related topics for efficient research and learning the work serves as an accessible tool for high school researchers provides important material for undergraduate students enrolled in a variety of humanities and social sciences courses and is an outstanding ready reference for race scholars the entries provide readers with comprehensive content supplemented by historical backgrounds relevant examples from primary documents and first hand accounts information is presented to interest and appeal to readers but also to support critical inquiry and understanding a fourth volume of related primary documents supplies additional reading and resources for research

but he also finds the first traces of modern ideas of race and the protoscences of late medieval cabalism and hermeticism following that trail forward he describes the establishment of modern scientific and philosophical notions of race in the nineteenth and twentieth centuries and shows how those notions became popular and pervasive even among those who claim to be nonracist

explores the concept of race the term race which originally denoted genealogical or class identity has in the comparatively brief span of 300 years taken on an entirely new meaning in the wake of the enlightenment it came to be applied to social groups this ideological transformation coupled with a dogmatic insistence that the groups so designated were natural and not socially created gave birth to the modern notion of races as genetically distinct entities the results of this view were the encoding of race and racial hierarchies in law literature and culture how racial categories facilitate social control the articles in the series demonstrate that the classification of humans according to selected physical characteristics was an arbitrary decision that was not based on valid scientific method they also examine the impact of colonialism on the propagation of the concept and note that racial categorization is a powerful social force that is often used to promote the interests of dominant social groups finally the collection surveys how laws based on race have

been enacted around the world to deny power to minority groups a multidisciplinary resource this collection of outstanding articles brings multiple perspectives to bear on race theory and draws on a wider range of periodicals than even the largest library usually holds even if all the articles were available on campus chances are that a student would have to track them down in several libraries and microfilm collections providing of course that no journals were reserved for graduate students out for binding or simply missing this convenient set saves students substantial time and effort by making available all the key articles in one reliable source authoritative commentary the series editor has put together a balanced selection of the most significant works accompanied by expert commentary a general introduction gives important background information and outlines fundamental issues current scholarship and scholarly controversies introductions to individual volumes put the articles in context and draw attention to germinal ideas and major shifts in the field after reading the material even a beginning student will have an excellent grasp of the basics of the subject

contradictory forces are at play at the close of the twentieth century there is a growing closeness of peoples fueled by old and new technologies of modern aviation digital based communications new patterns of trade and commerce and growing affluence of significant portions of the world's population television permits individuals around the world to learn about the cultures and lifestyles of peoples of physically distant lands these developments give real meaning to the notion of a global village peoples of the world are growing closer in new and increasingly important ways nonetheless there are disturbing signs of a growing awareness of ethnic differences in all parts of the world the united states included and a concomitant rise in ethnic based conflicts many of them extraordinarily violent in nature fear resentment intolerance and mistreatment of the other abound in world news accounts not only does this phenomenon pose an interesting juxtaposition to the concept of the emergent global village but its emergence in the post cold war era internationally and the post civil rights era in the united states raises significant and compelling questions why are such conflicts occurring now how do analysts explain these developments the essays in race and ethnicity in comparative perspective lucidly explore some of the complexities of the persistence and re emergence of race and ethnicity as major lines of divisiveness around the world contributors analyze manifestations of race based movements for political empowerment in europe and latin america as well as racial intolerance in these same settings attention is also given to the conceptual complexities of multidimensional and shared cultural roots of the overlapping phenomena of ethnicity nationalism identity and ideology the book greatly informs discussions of race and ethnicity in the international context and provides an interesting perspective against which to view america's changing problem of race race and ethnicity in comparative perspective is a timely thought provoking volume that will be of immense value to ethnic studies specialists african american studies scholars political scientists historians and sociologists
